

July 18, 2010

Dear AYSA Member,

The purpose of this email is to help clear up any misunderstanding regarding the above entities.

As you are probably aware for the last several months North Valley SC and AZ Fury SC had been in negotiations to "merge" the two clubs into North Valley Fury.

This agreement will not be taking place. North Valley will not dissolve but will continue to operate as a club.

AZ Fury will continue to operate as a club.

AZ Fury will also register teams as North Valley Fury within their club.

Moving forward at this point, if you have already attended tryouts and have filled out registration paperwork for a North Valley Fury team and wish to continue to play in the AZ Fury Soccer Club for a North Valley Fury Soccer team, those registrations forms are still valid and do not need to be filled out again.

If you attended tryouts and have filled out registration paperwork for North Valley Fury and wish to have your child play for North Valley Soccer Club, you still have the option to cancel your registration and register your child with North Valley Soccer Club.

Please be aware that while the online registration system was closed while the two clubs decided which direction was best for them, neither club has had their registration privileges suspended. Both clubs are in good standing within AYSA.

Parents need to notify either North Valley Soccer Club or AZ Fury (North Valley Fury Soccer teams) no later than Sunday, July 25, 2010 of which club you desire your child to register with. Please note that after Sunday, July 25th, whichever paperwork you have filled out will remain as completed.

For information regarding North Valley Soccer Club please contact Jane Fallon, jane.fallon@cox.net, For information regarding AZ Fury Soccer Club and the North Valley Fury teams please contact Katie Cole, dopdazfury@msn.com

Sincerely,  
Leslie Johnson
